Dr. Brenda Davis, Provost  
Ruben Flores, Student  
Hector Gonzalez, Student  
Daniela Grecu, OutReach  
Dimitrios I. Synodinos, Student Activities Coord.

Approval of Minutes of last meeting.

Guest Speakers Rick Hernandez and Aan tan from RCCD Facilities were on hand to answer the many, many questions that were posed re: the process of executing the new cafeteria. It will be necessary for the committee to execute a student usage survey to establish the projected need for the new building.

Mr. Tan stressed the need to have accurate justification and projected growth outcomes as one of the many first steps in the process.

A suggestion was made that a student usage survey would help in gathering this type of information re; the potential food services that would be necessary to accommodate and enrollment population of 12,000 students.

Brenda Davis interjected that with the opening of Kennedy High School on the RCC-Norco campus there was another potential influx of 1300 students operating on a traditional school calendar and enrolled in, at the minimum, of one Guidance course at RCC.

Not much else was discussed. The agenda on hand will be covered at next meeting.

Meeting Adjourned at 2pm.
