- Review and approve minutes from last session.
- Described how the comment grid works so we can refer to it during the meeting.
- Received updates on the writing from those responsible for specific sections.
- Technology Master plan not yet available for us to reference.

We spent the entire session working on section III.C.1.a which is being written by Cathy Brotherton. We commented on gaps in the information, clarifying items that are unclear, about technology processes and how various departments interact with each other.

Meeting Closed at 2:00 pm
